

COOKIES POLICY

Introduction

Golden Energy and Resources Pte. Ltd. (“**GEAR**”) may use cookies, web beacons, tracking pixels, and other tracking technologies when you visit our website <https://gear.com.sg/>, including any other media form, media channel, or mobile website (collectively, the “**Site**”).

We reserve the right to make changes to this Cookie Policy at any time and for any reason. We will alert you about any changes by updating the “Last Updated” date of this Cookie Policy. Any changes or modifications will be effective immediately upon posting the updated Cookie Policy on the Site, and you waive the right to receive specific notice of each such change or modification.

Use of Cookies

A “cookie” is a string of information which assigns you a unique identifier that we store on your computer. Your browser then provides that unique identifier to use each time you submit a query to the Site. We use cookies on the Site to, among other things, keep track of services you have used, record registration information, track your profile and the pages you visit. Cookies help us understand how the Site is being used and improve your user experience.

Types of Cookies

The following types of cookies may be used when you visit the Site:

Analytics Cookies

Analytics cookies monitor how users reach the Site, and how they interact with and move around once on the Site. These cookies let us know what features on the Site are working the best and what features on the Site can be improved.

Our Cookies

Our cookies are “first-party cookies”, and can be either permanent or temporary. These are necessary cookies, without which the Site won't work properly or be able to provide certain features and functionalities. Some of these may be manually disabled in your browser, but may affect the functionality of the Site.

Security Cookies

Security cookies help identify and prevent security risks. We use these cookies to authenticate users and protect user data from unauthorized parties.

First-Party and Third-Party Cookies

Our websites may place first-party cookies and allow third parties to place cookies on your device. The difference between a first-party cookie and a third-party cookie relates to the control of the party who serves the cookie. First-party cookies are cookies that are specific to the website that created them. Their use enables us to operate an efficient service and to track the patterns of behavior of visitors to the website. Third-party cookies, on the other hand, are placed on your device by a third party (i.e., not by us). While we may allow third parties to access the website to place these cookies on users' devices, we do not retain control over the information supplied by the cookies, nor do we retain access to that data. This information is controlled wholly by that third party in accordance with their respective privacy policy.

Control of Cookies

Most browsers are set to accept cookies by default. However, you can remove or reject cookies in your browser's settings. Please be aware that such action could affect the availability and functionality of the Site.

For more information on how to control cookies, check your browser or device's settings for how you can control or reject cookies, or visit the following links:

[Iphone or Ipad \(Safari\)](#)

You may also visit www.allaboutcookies.org for details on how to delete or reject cookies and for further information on cookies generally.

Privacy Policy

For more information about how we use information collected by cookies and other tracking technologies, please refer to our Privacy Policy posted on the Site. This Cookie Policy is part of and is incorporated into our Privacy Policy. By using the Site, you agree to be bound by this Cookie Policy and our Privacy Policy.
